

# Spring Seminar 2022

## Calgary Dental Assistants Association

### Saturday April 23, 2022

**Inglewood Community Hal**  
1740 24 Ave SE Calgary AB, T2G 1P9

**8:30am:** Registration/President Welcome

**9:00-10:00am:** **Jerry Campbell** from Patterson will be discussing from Patterson Dental 20 plus years in the dental industry, over the years the high-tech conversation went from the dentist they could sit & lay the patient back in a dental chair and treatment plan from a 2D hand film, how times have changed within our industry from 2D Panoramic to full CBCT imagery. My career has exposed me to all types of MFG's from Sirona, Kavo, Icat & Planmeca and all kinds of equipment intra-oral x-rays & Sensors.

**Jerry Campbell and Lisa Makene** both from Patterson will be discussing explaining the differences and ease of use from 2D versus 3D imaging & navigating multiple software's and the different kind of intra-oral x-rays sensors and all it has to offer in a dental practise. Hopefully to help us take better x-rays on our patients.

**Possible competencies:** D-1-1, D-1-2, D-1-3, D-1-4, D-1-5

**10:30-10:45 am:** Break (light snack and refreshments provided)

**10:45 – 12:00pm:** **Ian Doyle** – Installation Manager/Senior Service Lead, Henry Schein Calgary

- Ian has worked 32 years in the dental industry, past 10 years with Henry Schein.
